Please describe what you like best about the school/school district you are reviewing:

Specific teachers were willing and anxious to mentor my son and do whatever it takes to help my son succeed.

Please describe what you like least about the school/school district you are reviewing:

Some teachers appear to resent the time required for the IEP meeting, the extra work that is asked to keep track of the IEP, the need to communicate with parents.

Much more professional development for the regular ed teachers to know what is required and helpful to special ed students.

What specific problems, if any, have you encountered with this school/school district:

Lack of communication with parents, administrators not willing to listen to what the child needs (as perceived by parents)

Is there anything else you would like other parents to know about this school/school district:

Some schools in this system are excellent and some are drop-out factories.
