My overall satisfaction with the special education services my child receives.	3/3						

SPECIFIC COMMENTS:

Please describe what you like best about the school/school district you are reviewing:

Great staff and teachers.

Very proactive with accommodations, often suggesting options that we have not considered and even implementing options that are beyond the IEP to help our son succeed.

It seems that all teachers/coaches are concerned about encouraging my child to be their best.

Please describe what you like least about the school/school district you are reviewing:

The negative stigma the school has because it is in the area in Homewood with lower property prices, which is ridiculous.

What changes would you like to see made at the school/school district you are reviewing:

I would like Homewood to investigate other therapy types such as auditory processing therapy.

What specific problems, if any, have you encountered with this school/school district:

None, as of yet.

Is there anything else you would like other parents to know about this school/school district:

The schools are in close vicinity, within 5 minutes, to every neighborhood. All of the Special Needs kids attend Hall Kent for preschool and all of the staff is located there as well. We chose to buy our house in the Hall Kent school area so our child wouldn't change schools when he started 5 year old kindergarten. The class sizes are small and the community is supportive to Special Needs Kids. When my son played soccer, the soccer club offered to pair our son with a teenager who would be 100% dedicated to our son during practice and game times. Having a dedicated person working with our son allowed him to work through some of his sensory issues during soccer and finish the season with success. We are so glad we choose Homewood.
