**Please describe what you like least about the school/school district you are reviewing:**

Our school system does not carry out things that is needed for our children with special needs even with therapist coming into our school.

**What changes would you like to see made at the school/school district you are reviewing:**

I would like to see school staff be willing to learn the needs and wants for kids with autism.

**What specific problems, if any, have you encountered with this school/school district:**

Not being able to redirect kids when needed. Instead of redirecting them and giving them their personal space, they like to restrain our kids.

**Is there anything else you would like other parents to know about this school/school district:**

Very little training, if any, for kids with autism. They always seem to use corporal punishment.
