SPECIFIC COMMENTS:

Please describe what you like best about the school/school district you are reviewing:

My son has a wonderful SLP!

Please describe what you like least about the school/school district you are reviewing:

That home school students are only eligible for speech therapy. I am a certified teacher and do not feel as if the special education teachers in Madison City Schools have enough experience with students on the autism spectrum, which is why I have chosen to home school my child.

What changes would you like to see made at the school/school district you are reviewing:

More autism training for both regular ed and special ed teachers. More services provided for home school and private school students.

What specific problems, if any, have you encountered with this school/school district:

My child will undergo formal testing again this spring but when he was tested several years ago the system would only provide the minimum for occupational and physical therapy and my child needs so much more than the 30 minutes every two weeks the system wanted to provide.

Is there anything else you would like other parents to know about this school/school district:
