My overall satisfaction with the special education services my child receives.					1/1		

SPECIFIC COMMENTS:

Please describe what you like best about the school/school district you are reviewing:

I love the overall school itself, my son has been very happy there for the most part. The teachers are very supportive of him and the kids are wonderful towards him.

Please describe what you like least about the school/school district you are reviewing:

I'm having serious issues with his TOR teacher at the moment...her attitude is deplorable, when I communicated a concern to her she became very snide, smart alecky, and sarcastic towards me, and she turned the whole situation around on my son...I was very disappointed...I'm in the process of having my son removed from her class.

What changes would you like to see made at the school/school district you are reviewing:

More positive communication between the TOR and the parent. Listen to the parents concerns and act accordingly, do not become defensive when a concern is brought before you.

What specific problems, if any, have you encountered with this school/school district:

His TOR teachers attitude is horrible...she is supposed to be teaching social skills to these students but at the same time is very rude to them (throwing dry erase markers at them...embarrassing them in front of the entire class...etc...)

Is there anything else you would like other parents to know about this school/school district:
