### **SPECIFIC COMMENTS:**

**Please describe what you like best about the school/school district you are reviewing:**

My child went 100% aide in public schools in Missouri to 100% supporting himself in private school. The teachers have worked with me and him, there have only been a few accommodations. He is succeeding on his own - grades not as good, but 100% his and not inflated for special services.

**Please describe what you like least about the school/school district you are reviewing:**

Need to be able to have note takers, some teachers a little harder to reach unless I personally come to the school.

**What changes would you like to see made at the school/school district you are reviewing:**

Allowing more special needs students so that a degreed educator in special education could be incorporated into the system.

**What specific problems, if any, have you encountered with this school/school district:**

None, at first my son was on a trial basis, but after the first nine weeks he was admitted on a full-time basis.

**Is there anything else you would like other parents to know about this school/school district:**

Love Macon East.
