SPECIFIC COMMENTS:

Please describe what you like best about the school/school district you are reviewing:

My child has a true peer group and really enjoys choir.

Please describe what you like least about the school/school district you are reviewing:

Special needs children are not truly included especially in extra curricular activities.

What changes would you like to see made at the school/school district you are reviewing:

Equal opportunities for special needs children in all areas, true inclusion, not all special needs children in the same class rotating from one room to another.

What specific problems, if any, have you encountered with this school/school district:

Have had MAJOR issues with vice principal and athletic department when my son wanted to be one of the basketball managers—said he could not participate and could not shadow another student because that would be a burden on the other student. Also, not wanting to allow special needs students to go on field trips with their grade peers.

Is there anything else you would like other parents to know about this school/school district:

Be very cautious—I was talked into changing to Oak Mountain because it was supposed to be so inclusive which has definitely not been our experience.
