SPECIFIC COMMENTS:

Please describe what you like best about the school/school district you are reviewing:

They seem to focus on my son's strengths and address his difficulties.

Please describe what you like least about the school/school district you are reviewing:

They will NOT even consider extended school year services.

What changes would you like to see made at the school/school district you are reviewing:

I would like my son's work to be on his level so he doesn't fail. Put the child on the grade level that matches their ability not their age.

What specific problems, if any, have you encountered with this school/school district:

Refusal to provide ESY to help me pay for summer programs.

Is there anything else you would like other parents to know about this school/school district:

The special education teachers are totally awesome and know how to get through to children with autism. If your child needs ESY they will not provide it.
